Aryamaan Jain

jain@lix.polytechnique.fr · aryamaanjain@gmail.com · aryamaanjain.github.io · Google Scholar · LinkedIn

EDUCATION

PhD in Computer Science Oct 2023 – Sep 2026
Inria, Université Côte d'Azur *Sophia Antipolis, France*
Lab: GraphDeco · Advisor: Guillaume Cordonnier · Thesis: Physically Guided Generation of Digital Terrains

BTech (Honours) + MS (Research) in Computer Science & Engineering Jul 2019 – Jul 2023
IIIT Hyderabad *Hyderabad, India*
Lab: CVIT · Advisor: Avinash Sharma · Co-advisor: KS Rajan · CGPA: 9.55/10.0 · Specialization: AI

EXPERIENCE

Postdoctoral Researcher Oct 2026 – Sep 2028
VISTA Team, LIX, École Polytechnique, IP Paris *Palaiseau, France*
Working with Marie-Paule Cani on deep reinforcement learning for prehistoric mobility.

Visiting Researcher Apr 2026 – May 2026
Computer Science, Purdue University *West Lafayette, USA*
Collaborated with Bedrich Benes for generative 3D reconstruction of natural scenes. Visit funded by the DocWalker international mobility grant.

Research Intern Mar 2023 – Oct 2023
GraphDeco, Inria *Sophia Antipolis, France*
Developed a physically based terrain erosion simulation accelerated with a GPU implementation and learning based super-resolution, supervised by Guillaume Cordonnier.

Research Assistant Aug 2022 – Jan 2023
CVIT and IHub-Data, IIIT Hyderabad *Hyderabad, India*
Worked on 3D reconstruction of roads with LiDAR data from vehicles using the ICP algorithm, supervised by Avinash Sharma.

Summer Intern May 2022 – Jul 2022
Wells Fargo (Strategy, Digital & Innovation) *Bengaluru, India*
Developed a VR Banking prototype on Oculus Quest 2. Created optimized 3D assets/scenes and integrated LLMs for user interaction via AWS.

Teaching Assistant Jan 2021 – Oct 2022
IIIT Hyderabad *Hyderabad, India*

- Foundations of Modern Machine Learning (IHub-Data), Jan 2022 – Oct 2022.
- Computer Graphics, Spring 2022.
- Computer System Organisation, Spring 2021.

SELECTED PUBLICATIONS

1. **Pixels2Peaks: Converting Terrain Images to Heightmaps**
   Aryamaan Jain, James Gain, Guillaume Cordonnier
   SIGGRAPH 2026 (ACM Transactions on Graphics)
   Method to infer 3D terrain heightmaps from single images. It utilizes guided diffusion models to generate occluded geometry with physical consistencies.

2. **Arenite: A Physics-based Sandstone Simulator**
   Zhanyu Yang, Aryamaan Jain, Guillaume Cordonnier, Marie-Paule Cani, Zhaopeng Wang, Bedrich Benes
   SIGGRAPH 2025 (ACM Transactions on Graphics)
   GPU accelerated physics framework that generates sandstone formations by simulating the interplay of structural stress, erosion, and deposition.

3. **FastFlow: GPU Acceleration of Flow and Depression Routing for Landscape Simulation**
   Aryamaan Jain, Bernhard Kerbl, James Gain, Brandon Finley, Guillaume Cordonnier
   Pacific Graphics 2024 (Computer Graphics Forum) **Best Paper Award**
   GPU based algorithm that simulates how water flows and pools across terrain. It achieves up to 52× speedup over current methods, enabling interactive terrain simulation.

4. **Efficient Debris-flow Simulation for Steep Terrain Erosion**
   Aryamaan Jain, Bedrich Benes, Guillaume Cordonnier
   SIGGRAPH 2024 (ACM Transactions on Graphics)
   GPU erosion algorithm incorporating a novel mathematical formulation to accurately simulate steep-slope erosion and deposition.

5. **Learning Based Infinite Terrain Generation with Level of Detailing**
   Aryamaan Jain, Avinash Sharma, KS Rajan
   3DV, 2024
   GAN based generative framework using image completion and super-resolution to create infinite terrains with efficient quad-tree integration.

TECHNICAL SKILLS

- **Languages:** Python, C, C++, CUDA, GLSL
- **Libraries:** PyTorch, OpenGL, OpenCV, STL, Diffusers, Transformers
- **AI:** Flow/Diffusion models, Transformers, GAN, VAE
- **Tools & Software:** Houdini, Blender, Unity, Claude Code, Git, LaTeX

HONORS & AWARDS

- Recipient of the DocWalker international mobility grant (2026).
- Pierre Laffitte prize finalist (2025).
- Best paper award at Pacific Graphics (2024).
- Dean's/Merit list recipient, all semesters at IIIT Hyderabad.

ACADEMIC SERVICE
